 And Much More.....

**What is the LEP?** The LEP is an innovative, interdisciplinary educational program based on the classic writings of the renowned conservationist, Aldo Leopold. The LEP was developed to teach the public about humanity's ties to the natural world and to provide leadership in the effort to conserve and protect the earth's natural resources. Our goal is to instill a love, respect and admiration for the land, leading to an ecologically literate citizenry with an intense consciousness of the earth.

**Who Should Attend?** K-12 educators (science, language arts, math, art, history), non-formal educators, natural resource professionals, 4-H and Scout leaders, conservation leaders and anyone interested in learning more about fostering a relationship between youngsters and the natural world.

**For more information** contact Ann Burns or Hilary Johnson at 563-652-3783  
 visit our website at: [www.lep.org](http://www.lep.org).
